WELCOME PASTOR KELLY!!!

Monday morning, March 8th marked Pastor Kelly Wadsworth's first day at Westminster. She was greeted with flowers, balloons and a TON of welcome notes and gift cards in her office. Between starting a new position and setting up a new household, her schedule has been action-packed. This Sunday, Pastor Kelly will lead services for the first time. We hope everybody tunes in and leaves a message on the chat, welcoming our new pastor!

Be sure to read her letter on the next page, and in the meanwhile.....

Don't miss Pastor Kelly's first service because you forget to change your clocks! Set your clocks ahead one hour on Saturday night.

***Extra coffee all around
on Sunday!***

3/11/2021

It has been a warm and lively first week at Westminster. I have been so touched by the outpouring of welcome and hospitality from so many of the Westminster members and friends. I've received homemade meals, thoughtful gifts, and certificates to many of Salem's favorite spots which I am looking forward to visiting. In addition, I have enjoyed getting to know the staff as well as some of the church members and team leaders. I am looking forward to getting to know all of you in the coming months as we build this partnership together.

I want to share a couple of my pastoral thoughts about the current Covid vaccine and how it relates to our life together as a church. We are moving into a hybrid situation where some are immunized while others are not. In Marion county, the vaccine is expected to be available to all adults over age 16 by July 1, 2021 (even then children will not have received it.) In the roll-out, the highest risk have been prioritized rather than us taking a more draconian approach to public health. If you are vaccinated, please be mindful of the ways our social gatherings will be mixed-status at least through the summer if not longer. If you are unvaccinated, please take good care of yourself and take the needed precautions.

In the coming months, Westminster will have many conversations about how and in which ways to open up. A lot has transpired since March 2020 and I would venture to say many of you have seen a lot of changes in the past 12 months. I count myself in that group (I now live in a different city and state!) Families have evolved, jobs have come and gone, isolation and depression have emerged, and screen time has grown exponentially. A year is long enough to rearrange our inner worlds and to sprout new perspectives. Likewise, Covid was hardly the only event of significance that happened this past year. "What has changed?" will be an important question in the coming months, one that I hope we can talk about often and honestly. I am eager to hear your stories and find out where life has brought you.

In peace and grace,
Pastor Kelly

The community stagnates without the impulse of the individual. The impulse dies away without the sympathy of the community. -William James

Sunday Morning Zoom Chat — Winding Down

ICE STORM UPDATE

One month ago today, Salem was hit with the "Ice Storm Of The Century." Like most of our members, the church lost power for a couple days and suffered damage from falling branches and trees. Thankfully, our industrious Building & Grounds team, along with Scout Troop 108, jumped into action. They immediately cleared the drives and have been steadily working to clean up the debris that littered/litters our property. A big THANK YOU to all who pitched in—your efforts are greatly appreciated.

WELCOME A RETURNING MEMBER!

RAE MEE (ROWAT) GLEASON

Hello everyone!

After 14 years away from Salem I have returned. Sadly, I lost Roy to an extended illness in May 2020. We had discussed returning to the Salem area from Nine Mile Falls (Spokane area), WA, and after he passed, I decided to sell the house and move back. I was a member of Westminster from 1977 until we left in 2007. I served as Elder and Deacon through the years and was here during Pastors Todd Martin, Barry Heath and John Moody, although John outlasted me! I have joined the choir and although we practice through our masks, music is music and so good for the soul.

I continue to work from home, currently as the Executive Director for the International Myopain Society and the Education Director for Inmedix. This new business concentrates on the connection between the immune system and the autonomic system "immunno-autonomics" including how heart-rate-variability influences these two systems in the causation of chronic pain. This is a long explanation of being able to measure stress and how it influences pain.

I look forward to rekindling old (not literally) friendships and making new ones. It won't be too long until we will once again worship together in real life. So glad to be back in Salem with my Westminster Church Family.

NURSES CHRISTIAN FELLOWSHIP

By Diane Stegmeier

Last March, Johna, another nurse, and I met to discuss the possibility of getting a Nurses Christian Fellowship group started in Salem. We first met at Riverfront Park with one other nurse. As pandemic requirements loosened, we met together at one of the member's outside patio in May. Over the past several months, the group has grown and become a safe place for nurses to share their feelings and struggles caring for Covid 19 patients. At monthly meetings, Johna would share an article from the Journal of Christian Nursing or something from a book about nurses, and we would discuss and share about it. We agreed that nursing is a calling and lately it has been especially stressful and hard seeing patients die or get sick while caring for them.

We are reading "A Long Obedience in the Same Direction" by Eugene Peterson and answering a question from each chapter that I wrote and share with the group. It is a great opportunity to draw closer to God and learn about discipleship. We are planning a retreat over a Saturday in late April and have reserved a spot at the Christian Renewal Center in Silverton not far from Silver Falls. We also would like to do a service project this year. Half of us are older nurses and it is a special opportunity to mentor and be a role model for the younger nurses as they are the future of nursing.

Greetings Westminster family,

One thing we do not need to worry much about in the Pacific Northwest is clean water. Our special **One Great Hour of Sharing** offering is dedicated to hunger, disaster relief and self-development.

One goal of OGHS is providing clean water in areas where it is in short supply. Here is just one example of the work your gift can fund:

WHERE LEARNING TO SAVE PROVES LIFESAVING

When Manuel Nazario casts his net into the water these days, his catch is far less plentiful. In the remote area of Bolivia near the Paraguayan-Argentina border, where Nazario and the members of his community mostly fish for a living, their traditional livelihood is now in severe jeopardy due to the devastating impact of climate change, irregular rainfall patterns, prolonged droughts, disease and mining pollution that creeps in from the Andean zone.

The degradation of the environment and the mounting lack of access to water threatens the people's very survival.

Nazario works closely with the local organization CERDET (the Center for Regional Studies) which has been accompanying and teaching the native population since 2012 to grow vegetables and fruits organically, to develop irrigation systems, and to collect and store rainwater for safe drinking.

CERDET is using a grant from Presbyterian Disaster Assistance (through the One Great Hour of Sharing Offering) to address the communities' critical water shortage by building infrastructure. The grant will also allow around 40 families to receive plastic containers to collect and save rainwater for family consumption, and 50 other families will receive vegetable seeds and tools to produce food.

Elsewhere in the world, gifts from the One Great Hour of Sharing Offering through the Presbyterian Hunger Program are also addressing critical water needs through its two partners in South Sudan, the Presbyterian Relief and Development Agency (PRDA) and Hope Restoration South Sudan.

Giving through the PCUSA enables this work in Bolivia as well as so much more. The Lenten offering season this year runs April 4, Easter Sunday. Please join us in helping other Presbyterian congregations with our OGHS special offering.

To donate, you have several options:

- 1) On the website: Click the Donate button in the upper right. Enter the amount you would like to give to OGHS and under the FUND area select One Great Hour of Sharing from the drop down list of offerings.
- 2) By credit card online at presbyterianmission.org/give-oghs
- 3) Checks can be sent to :

Dear Friends—

Below is a letter of thanks from our friends at Presbyterian Disaster Assistance. They were on the front lines during this difficult past year, providing grants and disaster relief throughout the United States and around the world. Please consider donating to PDA, or offering a gift to One Great Hour of Sharing, which is taking donations through April 4th.

OUT OF CHAOS, HOPE

February 2021

Generous and dear friends,

This has been a hard and active year for disaster and those who respond to it...the continuing and heartbreaking impact of the COVID-19 global pandemic, which increases the insecurity and suffering of people already struggling with famine, natural disaster, or conflict; a year filled with hurricanes and fires in epic numbers, continuing violence around the world and here at home; a worsening refugee crisis. These challenges seem overwhelming to those of us whose hearts are moved by the hurt of others, and yet... The Spanish saint Teresa of Avila, herself no stranger to pain and sorrow, once said: *Christ has no body but yours, no hands, no feet on earth but yours. Yours are the eyes with which he looks Compassion on this world. Yours are the feet with which he walks to do good. Yours are the hands, with which he blesses all the world.* (Teresa of Avila 1515–1582)

I write to thank you for being the presence of Christ in the lives of God's hurting people. Disaster brings chaos, death, fear and crisis: but in the aftermath, life is renewed as communities, churches, and leaders **act** to restore shelter, sustenance, livelihoods, and hope to those who are walking in the valley of the shadow of death. In South Louisiana and Central America, vulnerable congregations and the communities they serve are being supported as they repair the ravages a devastating hurricane season wreaked on communal life, buildings, homes and outreach. Refugees fleeing peril at home and those who offer welcome and respite are supported so that help may be offered and accompaniment on the hard road provided despite the restrictions of COVID. In Syria and Lebanon, Cameroon and South Sudan as conflicts and the ongoing impacts of war continue, refugee children in Lebanon are educated and fed; schools are rebuilt, and continuing immediate relief needs are met through the hard winter season. Across the globe and here at home, local organizations and faith communities have been able to support COVID relief efforts because you have acted with your prayers and your financial gifts. Christ's body is yours, and therefore God's saving presence has been made visible in all these hard and hurting places, and more. Thank you.

With gratitude,

The Rev. Dr. Laurie A Kraus
Director, Presbyterian Disaster Assistance

Prayer Requests

JOYS & BLESSINGS:

- Thanks to all the prayer partners as you said prayers for Samantha's in laws. David came home yesterday after a week of care and experimental treatment. It truly was a miracle that he responded to this treatment. It not only helped him but will be added knowledge as others are helped. Erin, his wife has improved each day and did not have to go to the hospital.
Again thank you for your many prayers.
Our love, Carolyn and Jim Keehner

OUR LOVE AND PRAYERS GO OUT TO:

- Frank Smith, whose health took a serious turn for the worse this week.
- Prayers for Bill Grupe, who is recovering in rehab from a heart procedure.
- Prayers for a swift recovery for Cindi Chinnock's father, Richard Schieferstein, who had knee replacement surgery this week.
- Prayers for Dianna Greenlee's nephew Craig whose fiancée died unexpectedly in February. Prayers are appreciated for Craig, and for Dianna's sister and brother-in-law as well.
- Prayers for Terry Fennell as he seeks a diagnosis for abdominal and back pain. Prayers and medical tests will help the doctors with a treatment place for Terry, and prayers for peace for Terry's family, as well.
- Suzie Herringer's father, Arthur Innes, has been in the hospital with COVID. He is slowly getting better but faces a long recovery. Prayers for Suzie and her family as they support Arthur during this time.
- Pat Randel's mother, Phyllis Gilbert, recently recovered from COVID but unfortunately the disease damaged her heart. She is under care, and our prayers are greatly appreciated.
